8. DECLARATION OF APPLICANT

The development of the product as a type is finished and all data and technical documentation presented in this conformity assessment application are complete and they represent product state on the date of the submission of this application. We hereby declare that we have not asked any other notified body for conformity assessment of the product.

9. DUTIES OF APPLICANT

Submit documents needed for conformity assessment in Slovak or English language as stated in point 6. Enable sampling or submit the product sample so that the conformity assessment can be completed in a given time. Provide the cooperation during the conformity assessment in the scope required by the Notified Body.

Remarks to the filling of application:

The application is filled in individually for each product type; in case of various product types, these are given in annex of this application. Supporting documents in accordance with part 6, dealing with various products needed for product conformity assessment could be added to only one application and they can be referred to in other applications. Send only one exemplar of the application and supporting documents. All materials shall be sent by e-mail or by registered post at the address presented in the head of the application form. If you need more space than is given in this application, use a special annex.
